SUMMARY

Passionate about building cloud solutions that make an impact, I'm an aspiring AWS Cloud Developer with hands-on experience in Java, Spring Boot, and REST APIs. I enjoy turning ideas into scalable applications using AWS (EC2, S3, RDS, IAM, Elastic Beanstalk) and optimizing them with DevOps practices and CI/CD pipelines. My journey from business ownership and customer-facing roles has sharpened my problem-solving, teamwork, and ability to understand user needs—skills I now apply to cloud development. Eager to learn from experienced teams, I'm looking for an internship where I can grow while contributing to meaningful projects.

TECHNICAL SKILLSPROJECTS & DEPLOYMENTS

Student Management System | Java, Spring Boot, MySQL, AWS Elastic Beanstalk

- Developed a full-stack application with CRUD operations; deployed on AWS Elastic Beanstalk
- Live Demo: <http://groupwork-env.eba-c53ehcdb.eu-north-1.elasticbeanstalk.com/>

Teknisk Projekt - Web App | AWS, CI/CD Practices

- Collaborated in a team to build and deploy a web app using AWS services
- Live Demo: <http://tekniskprojekt.eu-north-1.elasticbeanstalk.com/>

TECHNICAL SKILLS

Programming Languages & Frameworks:

Java, Spring Boot, RESTful APIs

Database Management:

SQL: MySQL, PostgreSQL

NoSQL: MongoDB

Development Tools:

IntelliJ IDEA, Visual Studio Code, GitHub, Maven

DevOps & CI/CD:

GitHub (Version Control)

CI/CD Pipelines

Other tools: API Testing: Postman, Database Client: DBeaver, Containerization: Docker (Basic)

Cloud Platforms (AWS):

Compute: EC2, Lambda, Elastic Beanstalk

Storage & Databases: S3, RDS

Security & Management: IAM, AWS CLI, AWS Management Console

EDUCATION

Jensen yrkeshögskola - Cloud Developer (AWS) – EQF Level 5 Aug 2024 - Ongoing

- **Object-Oriented Programming (Java):**
 - Proficient in Java syntax, exception handling, clean code practices, algorithms, unit testing (JUnit), and debugging.
 - Hands-on experience with frameworks: **Spring Boot** and **Jakarta EE**.
- **Database Management:**
 - Skilled in **SQL (MySQL, PostgreSQL)** and **NoSQL (MongoDB)**, including data modelling and normalization.
- **Cloud Computing (AWS):**
 - Deployed web applications using **EC2, S3, RDS, Lambda, and Elastic Beanstalk**.
 - Set up **CI/CD pipelines** (e.g., AWS Code Pipeline).
 - Applied **IaC principles** (AWS CloudFormation/Terraform).
- **IT Security Fundamentals:**
 - Covered risk management, data protection (encryption, IAM), and threat mitigation.

EXPERIENCE

Taxi Fleet Operations & Customer Service Self-Employed 2019 - Ongoing

Mayor Transport Stockholm

- Delivered exceptional customer service, prioritizing passenger safety and resolving complaints
- Managed company finances including daily budgeting, accounting, and expense tracking
- Conducted regular vehicle inspections and maintenance to ensure fleet roadworthiness

Cashier and Waitress

2015 - 2019

Fazer foods AB Stockholm Honeywell

- Processed Payments & Took Orders: Handled customer transactions and accurately took orders for both dine-in and take-out services
- Balanced Cash Drawer: Counted and reconciled the cash register at the end of each shift to ensure accurate handover
- Waitressing Duties: Welcomed guests, presented menus, guided them to tables, and provided efficient food service

Nautical Science Cadet

2010 - 2014

Honeywell Fisheries Lagos

- Navigation & Watchkeeping:
- Assisted officers in monitoring the ship's course, speed, position, and surrounding objects
- Gained hands-on experience with navigation instruments
- Safety & Emergency Procedures:
- Trained in firefighting, first aid, personal survival techniques, and tanker operation

ADDITIONAL INFORMATION

- **Languages:** English/Swedish (Fluent, Professional proficiency)
- **License:** B, C1, C.
